Our Story

Recognizing both the skill and talent within ourselves and others, we firmly believe that "everybody is talented because everybody has something to express," and "It's not only about talent, it's about effort!" Our mission is to unite talent and effort, aiming to save money and time for you.
While profitability is a natural goal for any company, our greater purpose is to participate and influence the community through our designs.

Our goal

We are committed to realizing your visions and dreams with simplicity, distinction, speed, so you can “Experience the quality”.

Our vision

To inspire and empower individuals by merging creativity with purpose — delivering impactful designs and consultations that contribute meaningfully to society, while saving time and resources.

Our Clients

We take pride in our partnerships with distinguished clients across the globe. Our expertise spans North America, including Canada and the United States, and extends into Europe, with a strong presence in Switzerland and Germany.

We are also firmly rooted in the Middle East and North Africa, serving clients in Egypt, Kuwait, the UAE, Qatar, and Oman.

Beyond the region, our reach extends into Asia, with a strategic footprint in Singapore.

Our team Makes The Difference

We believe that good design starts with a cohesive team.
We are united by our passion for architecture, details, and creative solutions that meet the needs of people and places.
From engineers to designers, from planners to researchers, every individual in the picture is an essential part of our vision.

You deserve Real value, not just visuals.

How We Do It

Comprehensive Study & Analysis

We begin by understanding your requirements and analyzing the spaces (interior or exterior), including functions, orientations, modern trends, site, and surroundings.
We consider environmental and social factors to achieve a well-rounded and efficient design.

Creative Design

We provide design solutions that balance aesthetics and functionality, along with proposing suitable materials (lighting, colors, furniture, finishes).
We use advanced software to present realistic visuals of the project.

Professional Final Delivery

We deliver clear and executable outputs, ensuring flexibility for future updates and user needs.
We focus on every detail to offer a complete and distinguished design experience.

Follow-up & Development

We stay with the project even after delivery, with continuous updates and adjustments as needed.
We ensure the design reflects your identity and adapts to your evolving needs.

Our Methodology

Step 01

We Listen

We study your needs and how the space will be used.

Step 01

Furniture Layout

We plan furniture arrangement and circulation flow, considering functions, aesthetics, and visual comfort.

Step 01

Mood Board

We define the overall mood with colors, materials, and lighting.

Step 01

Initial 3D Concept (Clay Render)

We create a basic 3D model to reflect your requirements and intended use of the space.

Step 01

Final Visualization

We present rendered visuals that showcase the final design concept.

Step 01

Technical Drawings

We provide detailed construction documents and technical specifications.

Clarity at every step.

Your project comes first.

Design Services

We provide our clients — real estate developers and design firms — with a full suite of advanced visual solutions that bring ideas and drawings to life through vivid virtual experiences.

Visualization Services

We offer a comprehensive package of design services covering all stages — from initial concepts to detailed drawings — turning architectural ideas into executable solutions with realism and professionalism.

eskander

Studio Profile 2025

Visualization Services

Remodel

Accurate 3D model recreation for existing spaces or missing files.
Ideal for renovations or legacy projects, with a focus on proportions, furniture arrangement, and lighting clarity.

Beauty Shot

Visually striking compositions that highlight the emotional and aesthetic value of the space.
Used in presentations, marketing material, or competitions to capture attention.

Infographic Animation

Short 15–30 second animated videos combining icons, text, and motion graphics.
Best suited for explaining project benefits, location advantages, or telling a concept story in a quick and engaging format.

Regular Shot

High-quality static renders showcasing key perspectives of the design. Ideal for showcasing interior or exterior scenes in a clean, realistic way, focusing on composition, materials, and lighting.

Bird Shot

Aerial perspective that captures the full site layout and spatial relationships.
Perfect for master plans, large plots, or developments where zoning, access, and connectivity need to be clearly communicated.

3D Animation

Immersive 4K walkthrough video including animated elements like people, cars, trees, sky movement, and seasonal changes.
Brings your design to life and helps clients visualize user experience in motion.

Studio Profile 2025

Design Services

Architectural Design

Residential Villa designs with full plans and elegant facades, plus accurate quantity takeoffs.
Administrative Designs for administrative, educational, and healthcare buildings that reflect the identity of the entity.
Commercial Creative solutions that balance form and function for commercial projects.
Landscape Outdoor designs for open areas and entrances that reflect the spirit of place.

Interior Design

Residential Smart furniture layouts, full finishing plans, and concepts tailored to your lifestyle.
Administrative Designs that reflect your company's identity, enhance work environment, and include professional execution drawings.
Commercial Creative solutions for restaurants and shops that attract customers and enhance their experience.

Technical Drawings

Detailed architectural, structural, electrical, and plumbing drawings. Ensure execution accuracy and easy site supervision.

Construction Supervision

We accompany your project during construction to ensure alignment with approved designs.
We monitor materials quality, execution accuracy, and time commitment.

BIM Solutions

Integrated modeling that covers all phases: design, construction, and operation. Tracks every project element, reduces errors, and optimizes cost.

مكونات المشروع

تطمح مدينة الطائف لتحقيق نقلة في قطاع السياحة نظرا لزيادة أعداد السياح سنويا لكونها من أهم الوجهات الساحية بالمملكة العربية السعودية ولذلك تستهدف إنشاء مشاريع فندقية تستوعب حوالي 260 ألف سائح ولذلك تصميم الفندق سيكون بعدد غرف و اجنحة عائلية و فردية و غرف خاصة = **602** غرفة بالإضافة إلى تحقيق مفهوم ال MIXED USE P بالإضافة إلى الفراغات السكنية، **فراغات ترفيهية و ثقافية** و تجارية كما هو موضح بالجدول التالي.

أنواع الغرف	النوع	العدد	
النوع الأول	ستوديوهات	360	
النوع الثاني	الأجنحة الفردية	188	
النوع الثالث	الأجنحة الزوجية	54	

الفراغات الوظيفية بالمشروع	
فراغات ثقافية	مدرج
	2 فصول تدريبية
	2 سينما
	2 قاعات متعددة الأغراض
	مكتبة
	2 معرض تراثي
فراغات تجارية	هايبر ماركت غذائية
	سلسلة محلات تجارية
فراغات ترفيهية	نادي رياضي ومسبح
	كافتيريات
	منطقة ملاهي مقترحة
	منطقة لعب أطفال
	صالة أفراح
فراغات خدمية	استقبال خاص بالفندق
	استقبال خاص بكبار الزوار
	مصلى
	دورات مياه
	عيادة

دراسة الكتلة

1 قطعة الارض

الردود

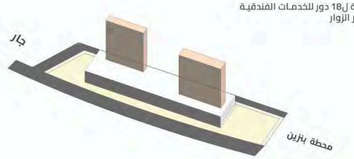
- تم حساب 5 متر كردود من الجار و 7 متر من جهة الطريق الرئيسي
- مساحة الارض الكلية 42700 m²

المسموح للبناء

- النسبة البنائية 30%
- النسبة البنائية 12900 m²

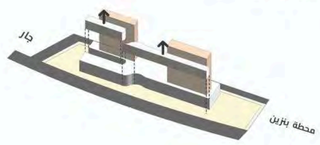
2 رفع الكتلة

- البروز بالكتلة ل3 ادوار للخدمات الفندقية و التجارية و الثقافية و الرياضية و الترفيهية
- البروز بالكتلة ل18 دور للخدمات الفندقية و خدمة كبار الزوار



3 تفريغ الكتلة

- خلق بلازا و منظر مميز للجانب التجاري و الخدمات
- التاكيد على المدخل الرئيسي بالبروز للداخل و السماح للزوار بالدخول لاقرب نقطة للمدخل



4 تصميم الكتلة

- عمل تغطية بارامترية ذات شكل يشبه التشققات بين الجبال و ذلك من طبيعة المدينة بالطائف
- التاكيد بالتغطية على مدخل المشروع الرئيسي و مدخل كبار الزوار
